

# GAMME TRINITY

TRINITY COLLECTION

## Le finesse du laiton

Usinés dans un laiton d'horlogerie, les appareillages de la gamme Trinity apportent élégance et raffinement à votre intérieur.

Le laiton offre d'innombrables possibilités de traitement et de finitions : Couleurs, patines... Du doré au bronze médaille en passant par le chrome, vous avez tous les choix !

## *The refinement of brass*

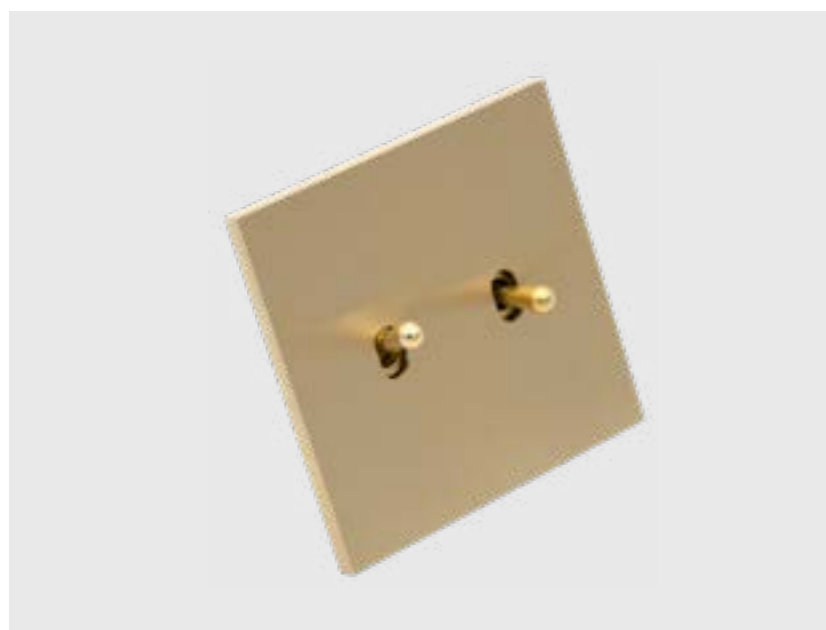

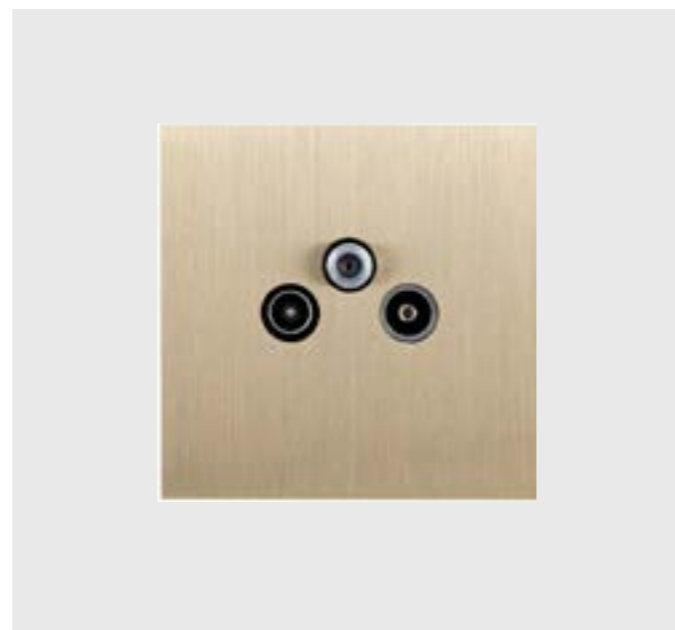

*Machined in watchmaker's brass, fittings in the Trinity collection will add both elegance and refinement to your interior.*

*Finishes, special orders, formats... whatever your wishes, this collection will adapt thanks to its technical and aesthetic advantages.*
